

nb: Most recent presentations are shown first:

International Presentations:

Eurospine: Helsinki 2019

Risk factors for pseudoarthrosis in adult spinal deformity (ASD) surgery.

EFFORT: Lisbon 2019

The use of silver coating in hip megaprotheses: A systematic review.

RACS ASC: Bangkok 2019

How to avoid posterior interosseous nerve injury during single-incision distal biceps repair drilling.
A review of the short stem Exeter hip.

BASS: Brighton, UK 2019

Patient compliance with the British Spinal Registry Patient Outcome Questionnaires.

Australasian College of Sports and Exercise Physicians Annual Scientific Meeting

The effect of tranexamic acid on articular cartilage and its potential role for management of acute haemarthrosis.

ICEOS: Lisbon 2018

Targeted Distraction: Spinal growth in children with early onset scoliosis treated with a tail-gating technique for magnetically controlled growing rods.

SOFCOT: Paris 2018

Impact on quality of life scores of correction scoliosis of the adult.

Eurospine: Barcelona 2018

- (1) Scoliosis corrective surgery impact on health related quality of life.
- (2) Outcomes of syndromic scoliosis patients treated with magnetically controlled growth rods.
- (3) Surgical versus non-operative treatment of adult spinal deformity: A systematic review and meta-analysis.

4th Global Congress on Spine and Spinal Disorders

The epidemic of adult spinal deformity. 2018.

4th Global Congress on Spine and Spinal Disorders

Understanding adjacent segment disease. 2018.

International Meeting on Advanced Spine Techniques

Complications of magnetically controlled growing rods. 25th International Meeting on Advanced Spine Techniques (IMAST) 2018.

Eurospine

Carbon fibre cage reconstruction in cervical spondylosis. Dublin 2017.

World Congress of Minimally Invasive Spinal Surgery and Techniques

Decompression of the lumbar spine through a minimally invasive trans-spinous approach: Technique and results. 2017.

Cervical Spine Research Society

Long-term outcomes with carbon fibre cage reconstruction in cervical spondylosis. 2017.

Cervical Spine Research Society

Anterior bone loss – A concerning radiographic finding of uncertain clinical significance in cervical disc replacements. 2017.

External fixation of unstable pelvic fractures: A meta-analysis. 2017.

Spine Society of Australia

Urgent closed reduction of the dislocated cervical spine: Optimising New Zealand's capability. 2017.

Orthopaedic Research Society

An experimental model of femoral stem loosening and detection via strain sensing. 2017.

International Ballistics Symposium

A preliminary study of thoracic ballistic trauma. 2017.

Australian Orthopaedic Association/ New Zealand Orthopaedic Association Combined Annual Scientific Meeting

Revision rates after primary total hip joint arthroplasty: joint registry analysis of Spectron hip. 2016.

13th Meeting of the Combined Orthopaedic Associations

The mid term outcomes using custom implants in acetabular revision. 2016.

Australian Orthopaedic Association/ New Zealand Orthopaedic Association Combined Annual Scientific Meeting

Custom triflange acetabular augment for acetabular revision with substantial bone loss – A mid-term review. 2016.

Royal Australasian College of Surgeons Annual Scientific Meeting

Weaponry, wound ballistics and protection: Recent developments. 2015.

LNDTP5 Survivability of the mounted and dismounted soldier

Clothing increases the risk of indirect ballistic fractures. TTCP technical co-operation program. 2014.

International Conference on Forensic Sciences

Identifying the source of bullet wipe - a randomised blind trial. 2013.

Personal Armour Systems Symposium

Temporary cavity fractures. 2013.

Wound Ballistics Symposium

Indirect ballistic skeletal fractures. 2012.

Australian Orthopaedic Association/ New Zealand Orthopaedic Association Combined Annual Scientific Meeting

Is energy transfer the key to determining the severity of ballistic fractures? 2011.

Australian Orthopaedic Association/ New Zealand Orthopaedic Association Combined Annual Scientific Meeting

Displaced intercondylar eminence fractures. 2011.

Australian Orthopaedic Association/ New Zealand Orthopaedic Association Combined Annual Scientific Meeting

Minimising the risk of future periprosthetic femoral shaft fracture. A biomechanical study. 2011.

British Hip Society

The management of an infected THR using an ETO and loosely cemented hip. 2010.

Royal Australasian College of Surgeons Annual Scientific Congress

A pilot study assessing the efficacy of Vacuum Assisted Closure (VAC) as an adjunct to compression bandaging for the treatment of chronic resistant venous ulcers. 2006.

Symposium of Advanced Wound Care

A non-contact wound assessment device. 2006.

Symposium of Advanced Wound Care

Vacuum Assisted Closure (VAC) as an adjunct to compression bandaging for healing of venous stasis ulcers: A pilot study. 2006.

National Presentations:**New Zealand Orthopaedic Association Hip Society Meeting**

Benchmarking total hip replacement constructs using non-inferiority analysis: The New Zealand Registry Study. Queenstown 2021.

New Zealand Orthopaedic Association Annual Scientific Meeting

Do lipped polyethylene liners have associated increased revision rates in uncemented acetabular components: An observational registry study (Michael Wyatt). Wellington 2020.

New Zealand Orthopaedic Spine Society Meeting

Endospine versus open discectomy. Taupo 2020.

An anatomical and pathological classification of adjacent segment disease. Taupo 2020.

CANZ combined spine society meeting

The Oxford 5 year observational study of 30 patients with Magnetically Controlled Growing Rods (MGCR). Queenstown 2019.

CANZ combined spine society meeting

Does dynamic spondylolisthesis adjacent to a cervical disc arthroplasty increase the risk of adjacent level degeneration. Queenstown 2019.

CANZ combined spine society meeting

An age and sex matched study on the effect of obesity on the functional outcomes and complication rates in patients with adult spinal deformity undergoing primary multi-level thoracolumbar spinal fusion. Queenstown 2019.

New Zealand Orthopaedic Association Annual Scientific Meeting

Risk factors for periprosthetic fractures around THA. A systematic review. Dunedin 2019 (Yi Deng).

NZDF doctors conference

MSK update. Wellington 2018

New Zealand Spine Society

Paediatric peg fractures – conservative treatment. 2015.

New Zealand Spine Society

Paediatric cervical trauma – conservative treatment. 2015.

New Zealand Spine Society

Cervical spine metastasis – fixation failures. 2015.

New Zealand Spine Society

Closed reduction of cervical dislocations – a web-based reference. 2016.

New Zealand Orthopaedic Association Annual Scientific Meeting

Cemented vs uncemented medial Oxford unicompartmental knee arthroplasty: A comparison of functional and survivorship outcomes. 2015.

New Zealand Orthopaedic Association Annual Scientific Meeting

Valgus-impacted subcapital neck of femur fractures: a meta-analysis and cost analysis of fixation in-situ versus conservative management. 2015.

New Zealand Orthopaedic Association Annual Scientific Meeting

The role of stem offset in aseptic loosening of the femoral component in total hip arthroplasty: An analysis of the New Zealand Joint registry. 2015.

New Zealand Orthopaedic Association Annual Scientific Meeting

Functional outcomes in patients under 55 years of age undergoing Oxford medial unicompartmental knee arthroplasty. 2015.

New Zealand Orthopaedic Association Annual Scientific Meeting

The association between tibio-femoral congruence and early knee osteoarthritis, a retrospective MRI observational study. 2015.

New Zealand Orthopaedic Association Annual Scientific Meeting

Longevity of liner exchange in revision of total hip joint replacements. 2014.

New Zealand Orthopaedic Association Annual Scientific Meeting

Forensic orthopaedics. 2014.

New Zealand Orthopaedic Association Annual Scientific Meeting

The validity of CMFDA and EthD-1 in the determination of osteocyte viability in the diaphysis of long bones. 2014.

New Zealand Orthopaedic Association Annual Scientific Meeting

The deer femur: A morphological and biomechanical animal model of the human femur. 2014.

New Zealand Surgery Annual Scientific Meeting

Gunshot induced indirect femoral fracture. 2014.

New Zealand Surgery Annual Scientific Meeting

Tracing the origin of bacterial contamination in close and medium range gunshot wounds in a sheep model. 2014.

New Zealand Surgery Annual Scientific Meeting

The validity of CMFDA and EthD-1 in the determination of osteocyte viability in the diaphysis of long bones. 2014.

New Zealand Orthopaedic Association Annual Scientific Meeting

Indirect ballistic fractures. 2012.

New Zealand Orthopaedic Association Annual Scientific Meeting

Osteoporotic treatment with intravenous zoledronate in South Auckland. 2009.

New Zealand Association of Plastic Surgeons Annual Scientific Meeting

ARANZ Silhouette - the new age wound assessment tool. 2008.

New Zealand Wound Care Society

The use of Vacuum Assisted Closure (VAC) in the treatment of chronic resistant venous ulcers.
2006.
